

SHREEJI MARKETING CORPORATION

Factory Automation Products & Solutions

www.shreejimkt.com

Who We Are?

- ❖ We were in the field of transmission product since 1972.
- ❖ We felt a growing need of automation product and with that goal in mind Shreeji Marketing Corporation was started in the year 1994.
- ❖ With mutual agreement we expanded and opened up offices in Baroda region and Pune region in 1996.
- ❖ We are a family owned business and are into our second generation.
- ❖ Our presence is in the field of Wind, Wood working, Press ,Gantry, Food & Beverages, Textile, Automobile, Machine Tools, Pharmaceuticals, Plastic Processing, Pulp & Paper, Shipping & Port, Material Handling, Printing & Packaging, Electronics, Chemical, PET Industries etc.

Factory Automation & Projects Division

- ❖ Most Preferred top notch Channel Partner of FESTO INDIA PVT. LTD. our principles.
- ❖ We have been offering best technical support and services to the industries for many years and are growing rapidly.
- ❖ Highly Perceptive & Experienced Team of 20 plus Members, more than 25 years.
- ❖ Training Sessions, Technical Support, Arranging Demo Sessions for Guaranteed Project Success.
- ❖ 6 months Product Warranty, against Manufacturing Defects.
- ❖ Within 2Days Delivery from Huge Inventory of Standard Products.
- ❖ Recommendatory Sales, Latest Product Updates, Cost Effective Solutions, ensuring Enhanced, Price Effective Solution.
- ❖ Repairing & servicing all types of Pneumatics products, within 01 week only.
- ❖ Price performance, trying to dispatch material within time, Best Service and Support, Enormous Customer Base, Customer Satisfaction.

MSB4/6/9/12

- Service Unit Combination With G Thread.
- Pneumatic Connection, Port : **G1/8 To G2"**
- Standard Nominal Flow Rate : **800 To 18000 L/min**
- Pressure Regulation Range : **1 To 16 Bar**
- Grade Of Filtration : **0.01 To 40 Mm**

MS2-LR,MS4-LR,MS6-LR,MS9-LR,MS12-LR

- Pressure Regulator : **M5 To 2" G BSP/NPT Thread**
- Standard Nominal Flow Rate : **170 To 22000 L/min**
- Pressure Regulation Range : **0.3 To 16 Bar**
- Max. Pressure Hysteresis : **0.25 Bar**

MS2/4/6/9/12-LFR Pressure Regulator

- Pneumatic connection, port : **M5 To 2" BSP/NPT Thread**
- Standard nominal flow rate : **140 To 22000 l/min**
- Pressure regulation range : **0.5 To 16 Bar**
- Max. pressure hysteresis : **0.25 bar**

World Leader in Mechanical Motion & Vibration Controls

ACE Controls Inc., located in Farmington Hills, Michigan, is a leading innovator in deceleration, vibration and motion control technology. Its global customer service network includes offices in England, Germany and Japan with distributors in over 110 cities in 35 countries. For over 50 years, ACE Controls has provided superior deceleration products to meet the needs of the automation energy, robotics, material handling, packaging, steel, machine tool, lumber, amusement, medical and other industries.

ACE Product Groups

Automation Control

ACE damping solutions increase productivity by quickly decelerating moving loads without damaging impacts.

- Miniature Shock Absorbers
- Industrial Shock Absorbers
- Heavy Industrial Shock Absorbers
- Profile Dampers
- Damping Pads

Motion Control

ACE Motion Control products enhance operator or machine control through the entire range of motion.

- Industrial Gas Springs- Push Type
- Industrial Gas Springs- Pull Type
- Hydraulic Dampers
- Hydraulic Feed Controls
- Rotary Dampers

ACE Product Groups

Vibration Control

ACE Vibration Control products include solutions for vibration isolation and noise reduction.

- Vibration - Isolating Pads
- Rubber - Metal Isolators
- Low Frequency Pneumatic Levelling Mounts

Safety Products

ACE Safety Products decelerate loads in low cycle, emergency situations.

- Safety Shock Absorbers
- Safety Bumpers
- Lock Series

Industrial Shock Absorbers

Thread size from : **M5 to M130**

Energy Capacity from : **0.7Nm To 126.500Nm**

Effective weight from : **0.5kg To 204.000kg**

Stroke length from : **4 mm To 406 mm**

182 different catalogue models ex stock

Benefits / Features

- Life time up to 25m cycles
- Dynamic sealing system
- Improved machine efficiency
- Reduced noise pollution
- Reduced maintenance costs
- Increased operating life of the machine
- Increase production

ACE-TUBUS® Bumpers

Rotary Dampers

Hydraulic Dampers

Industrial Gas Springs

Motion and Vibration Control

World leader in vibration isolation products like anti vibration pads, mounts, levellers, pneumatic isolation systems PTFE pads etc. For more information about fabreeka, you can visit : www.fabreeka.com

Bordignon Trading S.R.L. offers Nitrogen Gas Springs for Dies and Die Coil Springs. Also Bordignon Provide Scrap remover and tapping unit for Dies. For More details visit: www.bordignon.com

ISO 10243 Die Springs

SCHMERSAL make Safety Sensors, Safety Switches, Safety relays, Safety control technology products. For full range of product refer : www.schmersal.in

Solenoid Interlocks with Actuator

Safety Foot Switches

Safety Light Curtains

Two hand Control Panel

Safety E-STOP

Safe Switching and Monitoring

Safe Signal Processing

System
Solutions

Safety Switch with Separate Actuator
